

The Rooms @ Penally Manor

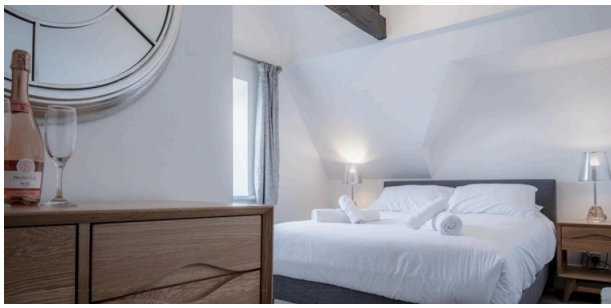

At Penally Manor, we have the entire house and grounds to ourselves. It's wonderfully private and not overlooked, with space to truly switch off. There's a hot tub for sinking into, and an endless pool.

A handful of rooms enjoy sea views, while others are tucked away in the peaceful basement with no outlook at all — with prices thoughtfully reflecting this.

Most rooms are en-suite, with a small number sharing a Jack and Jill bathroom, and several feature deep, inviting bathtubs for long, unhurried soaks.

The beds are gloriously large — mostly king-size — with plenty of space to share if you'd like to come with a friend and split the cost. Comfortable, generous, and beautifully restful, every room is designed to help you settle in and feel at home.
